

**Installation Instructions**  
**JLT Air Intake for 1994-2004 Crown Vic/Grand Marquis/Town Car**  
**# JLT-CVGMTC-9404**

Thank you for purchasing our product. We hope you are satisfied with the look and performance.

**Please review complete instructions prior to installing.**

Step#	
1	<p><b>Verify you have all of the following parts included in the kit:</b> (1) 3.5x9" Air Filter, (1) JLT Heat Shield, (1) 70mm Billet MAF adaptor W/bolts, (3) Washers, (1) Support Bracket</p>
2	<p><b>Gather all of the following tools needed for the installation:</b> 10mm socket, 11mm socket or wrench ratchet, extension, ¼" nut driver or regular screwdriver</p>
3	<p>Disconnect your battery and Remove your stock air box by removing the (3) 10mm nuts. 2 in rear and 1 in front of box and loosen the clamp on the MAF housing.</p> 
4	<p>Remove the stock MAF unit from the airbox and bolt on the JLT billet MAF adaptor using supplied bolts and washers. At this time you will also attach the support bracket to the lower drivers side MAF bolt as shown here. <b>*Leave loose*</b></p> 

5	Install the JLT heat shield onto the billet MAF adaptor, then the air filter. You will "sandwich" the shield between the MAF adaptor and filter. Line up the IAT sensor hole in filter to the side of the shield with the notch for the IAT sensor wires.
6	Install JLT filter unit into stock intake tube and lower down, guiding the bracket onto the stock airbox mounting stud.
7	Position unit so the shield sits level, just on the fender liner and ABS mounting bracket. There should not be any binding or pressure on the unit.
8	Remove the IAT sensor from the stock airbox lid and install in hole in filter base. Plug in the MAF and IAT sensor at this time.
9	Go back and tighten all clamps and MAF bolts, reconnect the battery and go have fun.

This kit includes an S&B Powerstack pre-oiled reusable air filter. The frequency you should clean your filter will depend on your driving conditions. It is recommended to check your filter at every oil change or 3,000 miles. If there is a build up of dirt as thick as the wire mesh, then it's time to clean your filter. As dirt builds up on your filter, the restriction of the airflow also increases. More frequent cleanings will improve your fuel economy and your vehicle's performance.

To properly clean your filter, we recommend the S&B Precision Cleaning & Oiling Kit (located in the Parts Sold Separately Section of our website, [www.JLTtruecoldair.com](http://www.JLTtruecoldair.com)).

Thanks for the business. If you have any questions, please e-mail [Jay@JLTtruecoldair.com](mailto:Jay@JLTtruecoldair.com) or call 757-335-1940. Our hours are Monday-Friday. 8:00am – 5:00pm Eastern Time.

**Warranty:** JLT Performance Inc. will repair or replace any part of their product found upon our inspection to be defective in workmanship or material within 1 year from the purchase date for the original purchaser.

**Disclaimer:** JLT Performance Inc. makes no warranties whatsoever, expressed or implied, oral or written to any purchasers, except the warranty above. JLT Performance Inc. hereby specifically excludes from any implied warranty of merchantability or implied warranty of incidental, secondary, or consequential damages of any kind whatsoever. All purchasers and users of products manufactured by JLT Performance Inc. agree to hold harmless and indemnify JLT Performance Inc. from any and all claims arising from their use. Failure to receive notice of any or the limitations contained in this disclaimer shall not serve to extend liability to JLT Performance Inc. for any claims arising out of use of its products.

**Custom Paint Disclaimer:** All custom paint jobs are done by JLT Performance Inc. Every job is different and done by hand. By ordering a custom paint job, you accept this fact and cannot hold JLT Performance liable for the end result not being exactly what you had in your mind.

**Return Policy:** All returns will be subject to a 10%-25% restocking fee. Air Filters will not be accepted for return unless they are in original plastic sealed bag. Please visit [www.JLTtruecoldair.com](http://www.JLTtruecoldair.com) for complete return policy.
